About the band & the release

Rocky Wood is a Alt-Folk influenced Swiss-American pop band that formed in 2012, and its members currently live between Berlin, Lugano and Bologna.

Though each member of the band— **Fabio Besomi**, **Romina Kalsi**, **Roberto Pianca**, **Stefano Senni**, **Nelide Bandello**—can be relegated to loosely defined roles (guitarist, vocalist, guitarist, Bass player and drummer respectively), all members play several instruments and sing: Live, the band uses harmonic textures in prominence, alongside psychedelic and electronic elements.

“A soft approach to songwriting and a contralto voice, where you hear whispers, murmurs, deliberately annoying notes, sweet feminine falsettos, which leave time for warm and deep sounds, ready to bloom in melodic drawings of disarming inspiration”

These balladeers hold nothing back when they deliver this art-rock gem, revealing once again an undeniable ability to pen down classics “*Ok, No Wait*” is a surprise; compared to their previous works it shows greater complexity, and therefore an enrichment of their sonic spectrum, which, in several occasions, disavows their initial folk-pop faith.
