

THOT

FLEUVE

“The river that everything drags is known as violent, but nobody calls violent the margins that arrest her.”

This quote from **Bertolt Brecht** is the best way to portray *FLEUVE*, the devastating new album of belgian outfit **THOT**. After a decade of challenging its music across several albums, EPs, videos, alternative versions, remixes and european tours, the gang lead by **Grégoire Fray** is going to bring a breath of fresh air in the industrial-rock and post-rock genres.

Produced by **Magnus Lindberg (Cult of Luna)** and engineered in live circumstances, *FLEUVE* features 9 songs built around a powerful drums/bass/guitar trio, on which passionate vocals, heavy synths, clarinet laments and bulgarian choirs melt together perfectly.

Thereby, *FLEUVE* is a luminous ode to the european continent and its cultural history, to nature's immutable inspiration, to women and transcendence.

FLEUVE is due **20th of October 2017** on **Weyrd Son Records**.
