About the artist & the release

Pure and Shining is the new album from **Mèsico** – the solo musical project of **Paolo Mazzacani (Tempelhof.)**

In this work, **Mèsico** revisits some of his primary influences, mixing synthesizers with guitars, instrumental tracks with ballads, and electronic beats with organic rhythms. This wide-ranging mix of styles is in order to create a sort of picture painted with different techniques and layers.

Say Mezzacani on *Pure and Shining*: "*Every song has a deep significance for me – they are totally inspired by my life experience. Every tune was written in different moments, and every lyrics tells about people or places I fell in love with over the last several years. This album is my personal attempt to keep everything together in a strong, endless embrace.*"
