About the band and the release

Typo Clan was formed in the fall of 2015 by the idea of two Italian musicians, **Daniel Pasotti** and **Manuel Bonetti**. For a year, they locked themselves up at home, focusing on producing music that originates from a diversity of backgrounds: Italian and American rap from the 1990s, abstract hip-hop and pop-rock referring to artists such as Gorillaz, Beck and Jungle. As a result, they produced 20 songs, 10 of which got selected for their first work in a recording studio, "*Standard Cream*".

Stefano Moretti (mix and rec @Berlin), **TUP Studio** (rec @Brescia) and **Giovanni Versari** (master) also collaborated in the production of the album.

Standard Cream is characterized by rhythms that recall the basics of rap and by the massive presence of moog and synth. Such rhythms are accompanied by a voice with a new soul touch.

In full contrast to current trends, **Typo Clan** presents a live album played by 5 elements, **Pasotti, Bonetti** and 3 other Italian musicians, in the Clan since 2016.

Their tour will begin on January 5th 2018.
