

Ryder Havdale

Candy Haven

CANDY HAVEN, the new full-length by Toronto/Berlin-based producer **Ryder Havdale**, is a synth-infused, polyphonic landscape of texture and sound, bridging the gap between the sounds of techno, house and the spirit of rock and roll.

The songs on *Candy Haven* call to mind electronic acts such as **Caribou** and **Jon Hopkins**, while it was a show opening for **Slow Magic** in Vienna that was the catalyst for hanging up the guitar (touring as **The Mohawk Lodge**), and diving into the electronic world.

Co-produced by **Ewan Kay (Moon King)** and mastered in Berlin by **Bo Kondren (Caribou)**, Havdale has enlisted a top shelf list of Canadian musicians (**Joseph Shabason of Destroyer, Maylee Todd, Arlen Thompson of Wolf Parade**) to join him in this musical quest to find emotional catharsis through digital music.
