About the Release

After a debut EP entirely electronic, as a prologue for their futur music, the band is unveiling a new EP with 3 tracks taken from their forthcoming album.

This EP exposes a radical and stimulating side of their music. As much rock as fundamentally electronic, **TH/S /S SH/T** covers 2 vast musical landscapes, intertwining dance synthesizers, punk guitars, and techno drumming.

Their innovative style has been calibrated for stage, allowing the group to unleash a stroboscopic surge of sounds, trance and improvisations.

Not being stingy, they also included on that EP, 2 remixes of tracks from the upcoming album . One is rather orchestral, the second absolutely dark wave.
