### About the release

**Deer** is an electronic band consisting of two Mexican musicians: **Adriana Falcon** and **Miguel Bastida**. Their music is a mix of trip hop, industrial sounds and deep basses plus the powerful vocals and the nostalgic lyrics that brings back the memories of the Mexican and Latin-American poetry.

They have been touring across China, Spain, Taiwan, Japan, Korea, Russia, Estonia, Vietnam, Malaysia and Indonesia.

They have performed at some of the most important venues and festivals around Asia, such as **Clockenflap** (HK), **Sonar** (HK), **Soundrenaline** (ID), **Zandari Festa** (Korea), **V-Rox** (Ru), **Wake Up Festival** (Taiwan), **Spring Scream** (Taiwan).

**Deer** is the only alternative band with Mexican origin in the music scene in Hong Kong and the first (original music) one that starts its career in Hong Kong.

They released their debut Ep *Portraits* in March 2018 and are ready to release this autumn a remixes album with some of the best artist from Europe and Asia.
