

Ty Segall

Fanny 7"

About the release

Aagoo Records, an independent record label in New Jersey, is proud to announce the release of **Ty Segall's** "*Fanny*" — a psychedelic ode to his dog — on standard 7" and limited-edition picture disc editions. Not only does Segall's single feature various cover and insert art painted by Segall himself, but the track in three different forms: the demo, a revved-up "sketch" and a live recording from San Diego, California.

Each side of the picture disc features a yellow dog face painted by Segall, from his acrylic painting "Goopy Poodle."

Stare at it long enough: it's oddly comforting!

And the "Fanny" 7" is for a canine cause: all proceeds will go to animal rescue organizations NKLA and Mighty Mutts, which are dedicated to rescuing and rehabilitating the strays of Los Angeles and New York.

It's a tribute to our canine friends only Segall could make.
