About the release

"Sometimes you have to choose the path that doesn't take you anywhere / Climb the mountain even knowing that you can't reach the summit / You can't ask me not to watch the moon just because I can't have it... I'm a wonderful defective mechanism / I'm only human... I'll become a star / I'll sign autographs / I will walk the red carpet... I ride this dream and watch the world from an incredible altitude / Here the world doesn't touch me... I'm light. / My gaze is indifferent, my heart beats calmly / Only my flying... I open my eyes, it's nice to know that I don't really have to wake up / I lay my head on the pillow / You know, this is my moment of glory... My daydream"
