About the band

Lay down on a beach chair and make yourself comfortable by the pool. Have the waiter bring you a margarita and book your bowling lane for the night. Once all set up, listen to **Sacramento**.

Sacramento was born in 2018. It's a three piece Milan based band lead by Sicilian born **Stefano Fileti** that brings back to this future some mix of warm riverbed sounds, synthetic atmospheres and romantic riffs from the 80's. They released three singles in 2018 : *Love* - April 27, *Bed & Toothbrush* - June 26, *At The Skate Rink*, September 25 via record label **La Tempesta International**.

About the album

Lido the first full length record will be out on May 10 this year features essential and mellow rhythmic, in support of easy tunes that gradually reveal an intimate psychedelic, and at the same time, ironic and nature.

"A sound that manages to stand out within the domestic contemporary indie music trend, mixing in a star-spangled indie-rock such as Mac DeMarco and Kevin Morby."
