

Les Comptes de Korsakoff

Nos Amers

About the band and the album

Experimental Octet **Les Comptes de Korsakoff** are immersing us in a strange universe between opera, jazz and rock music. The music opens the field of all possibilities: unexpected contrasts, stylistic risk-taking and improvisation. This is a reflection on the moods of the characters and places they go through.

"*Nos Amers*" explores new musical territories. The singing in French exchanges with the instruments that testify alternately of their warm empathy in innovative and unexpected dialogues.

On this record, the group is not afraid to scramble the codes (if possible with humor), to push the barriers, to resist the iconoclastic side of their approach, to arouse curiosity thanks to a personal way of mixing cultures and styles.

"*Nos Amers*" will be available from **May 24, 2019** via **Puzzle/Inouïe Distribution**.
