About the release & the band

Vanished Souls (VS)'s strength and singularity are built on being open to any musical styles, not looking down on some types of music or instruments, drawing interesting inspirations here and there, magnifying them, melting numerous ingredients to bring the whole in a same direction. The album testifies this smart mixed-synthesis harmoniously unfolded through eleven tracks. The mind-blowing and psychedelic print of **Pink Floyd**, **Archive's** melancholy and **Radiohead's** fragile flamboyance meet on 60's brit-pop-inherited arrangements.

Bore by the single «*You're Not Alone*», a mystical-mood aerial track, this new album blows away everything as a tidal wave. Melting assertive grandiloquent accents («*Ghosts*») to melancholic blurry tints («*My ROM*», «*Am Your Shadow*»), this new discographic section plays on alternative atmospheres, mind-blowing, intimist, explosive, in turn.

Vanished Souls (VS) betwitches you with in a pop-style writing («*All Forget*», «*Shame*»), thwarted with strong and tense bursts. The band also dares electronic incursions («*Nauseous*») that Happy Mondays' members would have not disavowed during Hacienda's climax.

The album includes a languishing, dreamy parenthesis with an audacious modern psychedelism («*No Suffering*»), soft and slow abyssal descents («*Between Us*»). A real invitation to travels, to an obsessive peace... It ends with a self-evident finale «*Silencio*», a canonical cinematographic reference, first and last blow of a dreamt odyssey «*Mépris*», until dramatic dimensions' swelling guitars.

The album was released in France on March 30, 2018. It will finally be available in Belgium from **September 13, 2019** via **Code & S** distribution.
