About the band and the release

Mnemotechnic is a french noise rock band founded in 2009.

Through the general perception of something going wrong, «*Weapons*», their second album released in 2017, turned the band themes and music darker.

Speaking about anthropocene and denial topics, its successor «*Blinkers*» is no longer in doubt or premonition and has nothing to do with a summertime record.

Giving free rein to its obsessions, **Mnemotechnic** digs deeper towards textures, noises and sharp visceral mechanical sounds.

Moved with emergency, surrounded by a white and raw light, the band reaffirms its singularity. Haunting and hypnotizing, it stays loyal to its past collaborators : «*Blinkers*» was recorded, produced and mixed by **Thomas Poli** and mastered at **Black Box Studio**.

«*Blinkers*» will be released on **October 11th, 2019** via **À tant Rêver du Roi** and **Kerviniou Recordz**.
