

# Micah Gaugh

*Dreamcatcher*

## About the album

*Dreamcatcher* is a multi-media audio visual collaboration between **Micah Gaugh**, **Henry Schroy**, members of **Bloco Olodum**, **Bira Reis** and **Bloco Kizumba**, with conduction camerawork inspired by **Butch Morris**.

Gaugh has always been intrigued by the feelings that the rhythms from Bloco culture invoked inside of him when he visited Salvador, Bahia. With the help of sound shapers **Vernon Reid**, **Marc Ribot**, **Arto Lindsay**, **DJ Flavya Gaeta**, **Belle Nascimento**, **Danny Chavis (the Veldt)**, **Siobhan Duffy (God is My Co-Pilot)**, **Renato Godoy**, **Thiago Nassif**, **Jorge Amorim**, and a huge cast of over 70 musicians, **Henry Schroy** and **Micah Gaugh** were able to sculpt this record with the Bloco feeling.

From hip-hop over berimbau to a Blues including 60 drummers many musical treats await the listener in the educational whimsically romantic world of *Dreamcatcher*.

The album has been released in the US on July 26 2019 and will be released in Europe on December 6.
